Tbong Khmum, Kampong Chhnang, Kampong Thom, Preah Sihanouk, Kampong Speu, Kandal,
13. PROJECT OBJECTIVE: (Describe the major purpose of the project.)
**This Project aims to sensitize an Integrated People-Centered Eye Care (IPEC) approach at the provincial and primary health levels.
This Project ensures sustainable, equitable and quality eye care services and nutrition for those most in need, especially for women, girls, people with a disability, ethnic minorities, people in poverty and those residing in remote locations by increasing awareness of the rights of women and families to access information and eye health services.**
14. PROJECT DESCRIPTION: (Provide a description of the project and all its components.)

This Project will focus on the eye health system strengthening and service delivery following the IPEC approach. At the end of the project implementation, we expect to see 'All people in the target areas can freely access quality, affordable, equitable, inclusive, and friendly eye health services and nutrition. This end-of-project outcome will be achieved through the combination of four main immediate project outcomes and outputs:

Outcome 3: All community members are aware of, have access to and provide feedback on eye health services.

- Output 3.1: Community awareness on the need to access eye health services is increased.

- Output 3.2: Two-way communication mechanism established between communities and eye health service providers to improve eye care services.

Outcome 4: Quality, affordable, accessible, equitable, inclusive, and friendly eye health services are available at secondary and primary health facilities for all people.

15. PROJECT JUSTIFICATION: (Give reasons why this particular project is considered worthwhile.)

This project contributes to the implementation of the Royal Government of Cambodia's commitment to achieve by 2030, focusing on improving the health and well-being of the target population, especially women and children, and increasing women's awareness of eye health services and nutrition. All these activities are in line with the 5th Rattanak Women's Strategic Plan in the second strategic point on the promotion of education for women and children, and the third strategy on the promotion of the health of women and girls, the prevention and control of non-communicable diseases. Infection and nutrition.

16. BENEFITS: (Who will benefit, directly and indirectly, from the project?)

Direct beneficiaries:

• Central officials of Women Affairs: 17 staffs

• Provincial, district and department officials and CWCC: 193staffs

• Women and families from the six provinces: 16000 people (4,000 people per year)
